OFF THE TOP

In all fairness to Mr. Drummer, Woody Bebout, the article appearing here as an editorial was not written to be published in *Drummer*. Nonetheless, I felt that it raised questions many of our readers would be interested to think about. Woody was willing to let me share with you his ideas about a problem that just never seems to go away.

I wonder, wouldn't our world go along a good deal more smoothly if we were all able (or at least willing to try!) to accord one another the acceptance we want for ourselves. Or, to go a step further, let me add to the discussion an observation made by one of the most brilliant men I ever knew, John Godolphin Bennet: "We judge ourselves by our intentions, and others by their results. It would be more reasonable if this situation were reversed."

—JWB

During the weekend of October 18, 1991, I was in Minneapolis-St. Paul with Bryan Smith, Mr. Missouri Leather, to participate in the Minnesota Leather Encounter (MLE). On Saturday, Bryan, Kay [Hallanger, International Ms Leather 1991] and I were scheduled to present some seminars at Ladies Night, a women's bar in St. Paul.

We arrived at the bar around 1:00 PM. The owner of the bar and a policeman met us at the door and told us that someone had phoned in a bomb threat. Wanting to take no chances, the owner cleared the bar and police searched the premises. No bomb was found and events proceeded as planned. The previous evening a lesbian separatist group had plastered the front of Rumours (another women's bar where opening events for the weekend were held) with posters condemning MLE and SM as violence against women. Local leather women informed us that they had come under frequent and sharp attack from many in the lesbian community on the violence issue.

At the end of October, a local contingent of the Ku Klux Klan "visited" the only gay and lesbian bookstore in St. Louis and advised the clerks who were on duty that the Klan was watching them.

These two seemingly unrelated events have one thing in common: they are products of cowardice and intolerance. Some women, justifiably concerned about violence against women, were willing to threaten—with severe bodily harm or even death—other

women with whom they disagreed. All this with the intention of preventing the dissemination of ideas they found offensive. Perhaps the moral duplicity of this act was lost on these would-be terrorists. In the other case, the KKK, a group historically committed to hatred and narrow-mindedness, threatened the clerks in a bookstore which sold materials the KKK found offensive.

A popular topic in public debate is the role of political correctness in our corporate life. Are there topics or thoughts so noxious or so threatening that their very mention should be banned? Both the KKK and those threatening us with destruction in Minnesota would answer this question in the affirmative. Unfortunately, the two groups would probably vary significantly on what those *verboten* topics and thoughts are. The apparent problem with PC—political correctness—is who makes the decisions about what is "correct" and what is not. (Less obviously, there is no right person to make these decisions.)

Most of the men and women in the leather community are educated, rational, thinking adults. We have struggled psychologically, socially, politically and spiritually to arrive at an integrated and healthy understanding of who we are and who we hope to become. Our journeys toward wholeness have led us in many disparate and different directions, and we have not all arrived at the same conclusions or destinations. Yet, is this not the glory of our humanity and the source of our strength? For in sharing one's life journey with others

who are different, we gain new insights and thereby grow, both individually and corporately.

Our community has long been a haven for those who are willing to explore, to question, to be different, and to challenge the *status quo*. Until recently, no one would ever have been presumptuous enough to tell others what is "right" or "correct." Not so long ago, we allowed one another the freedom to find our own way in the context of a caring community not afraid to engage in lively debate, and trusting one another's judgement and maturity. When did we lose our way?

When we are confronted by thought police—of the right or the left—we must seriously consider the cost of acquiescence to the implied agenda. Look at those places in the world where ideas are regulated and labeled politically *right* or *wrong*. Is that where we want to live our lives? We must allow ourselves and each other the freedom to debate ideas, even hateful and noxious ideas, in an atmosphere of tolerance and respect. We must resist the easy temptation of abdicating responsibility for ourselves to those who would tell us what to think. We, as leather/SM folk, do not need to be reminded that in most cases, we are on the losing end of every PC question. We are the people *they* are warning others about.

MALE CALL

Information, Please, Sir

I wonder if you could give me any information about someone who is in a couple of your films *USSM/ONE* and *USSM/TWO*. I am interested in the whipmaster, Fred. I'd like to find out if it might ever be possible to meet with him for a session. Can you put me in contact with him?

P.S. Also, can you tell me if there are any *Drummer* Features about Fred & Henry? What issues?

J.A., TN

J.A.'s letter has been passed on to Fred. No feature about Fred & Henry has appeared in *Drummer*, but it's one of those things we keep intending to do.

I have just finished reading Jack Fritscher's powerful novel, *Some Dance to Remember*. He is the only writer I've ever known to put it all together for that farthest out of extremes, a sub-culture's sub-culture, the aspiring leather man. How may I obtain a copy of his *Leather Blues*? I ordered "Dance" through Palm Drive Video. How may I get Carney's book, *The Real Thing*? As I write, I smell the heavy aroma of an Easter lily and it reminds me, none of us gets out of here alive. That last enclave of Christendom wherein the gay male felt accepted, the Episcopal Church, has now closed its door to us. I saw Bob Miller, now Bishop of Alabama, with whom I went to college when we were both pre-ministerial Divinity students, do his ugly little thing on TV, forbidding practicing homosexual men ordination to the priesthood. In his ecclesiastical get up he looked like a Ku Klux

Klan wizard. The Leather Fraternity is, for me, the only truly spiritual confraternity. Thanks for the spirituality issue, # 136. Give us more! This old whore wears a crucifix around his neck for psychic protection. Lead us to discipline our fantasy into reality.

B.W., Birmingham

1) *Leather Blues* was still in A Different Light bookstore the last time I went by their SF location, so I think it must still be in print. 2) *The Real Thing* has been out of print for a long time. Copies have turned up in rare-book catalogs for as much as \$100.00. If you run into one at an affordable price, buy it. Pass the second one you find on to me. 3) Despite the statements and actions of certain officials, the Episcopal church continues to knowingly serve the religious/spiritual needs of many gay men and women, including at least a few priests that I am aware of. —JWB

Men in Cages...Yes

For those readers who look for any hints of S/M in our society, I must point out the November 6th (1991) episode of NBC's *Quantum Leap* entitled "The Wrong Stuff." This adventure hour was filled with shots of our hero in a chain collar with a tag numbered "52." He was constantly in a cage and wore only a diaper. For those who may not be regular viewers of this show, Dr. Sam Beckett (Scott Bakula) is a time traveller who leaps into the bodies of people of the past. His mission is always to right some wrong to

CAUTION

Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt-ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person must understand the dangers.

While *Drummer* hopes to educate its readers on a wide variety of topics, its main purpose is to entertain! Works of fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only. In other than fictional pieces, we will emphasize safe sex with respect to contagious diseases, and safe and sane behavior with respect to all activities, and will try to point out all activities which deviate from recognized safe-sex and safe-and-sane play activities.

make a change in history for the better.

As the plot thickened, there were wrestling scenes, a cattle prod and a tranquilizer gun which left our hunky hero spread out on a transport flat in all his glory. Dyke-chotomy

I've just finished reading Clive Platman's interview with then Ms. NLA, Ruth Marks (*Drummer* # 150). I feel I must speak out about the following statement Ruth made: "Playing with a butch dyke is like playing with a straight man...."

How inaccurate, insensitive, and insulting. A butch is first and foremost a woman. Spiritually, she is the Goddess incarnate. Politically she experiences the difficulties in the hierarchy of the patriarchy as a femme. Socially she deals with the harassment by society for not "passing" as a "real" woman. Sexually, no matter how male her energy, she brings to the playing field a rich, lush, woman-ness and instinct of how to please another woman.

Just because a butch allows her "male stuff" dominance, straps on a dick, is a Daddy or Boy, does not in any way make her comparable to a straight man.

One of the duties of Ms. NLA is education: amongst ourselves and outside the Leather/SM/Fetish community. Hopefully those persons will analyze their opinions and question them before spouting them in a national forum like *Drummer*.

DK (femme dyke)
San Francisco

It is certainly possible that Ruth would like to respond to DK, and *Drummer*, just might be an appropriate forum for this discussion. Meantime, DK's letter is being forwarded to Ruth Marks.

A Report Card for *Drummer*

Currently I am in the process of trying to renew my subscription to *Drummer* for the third year. May I thank you and your staff and your contributors for the excellence of the publication.

There are a few points which I submit for your consideration:

1. Recent issues seem to have directed a lot of space to psycho-SM rather

than the art, craft, and mechanics of sound SM. [We try to balance and rebalance our contents on the basis of what is offered to us, what is interesting to us, and what is likely to interest our readers. Much more of the technical material about SM is always to be found in *DungeonMaster*.—Editor]

2. While scat is increasingly mentioned, particularly in the adverts, and some publicity has been given to European clubs/parties/publications, someone should come out and point out the very real dangers of such practices. Scat is not safe or sane and is only practised by two legged lemmings. [Warnings about the dangers of scat have appeared in *Drummer*. For further clarification, see the "Caution" on the previous page.]

3. In most issues, a considerable amount of space is given to reviewing books and videos. Is it possible to limit these reviews to more concise accounts and still please the advertisers? [The reviews in *Drummer* are not written or published to please the advertisers. You may not want to read them, but a lot of people do. Besides, in the last five issues (including this one, only 7.6 pages have been devoted to media, an average of just over 1.5 pages per issue.)

4. Most of the photography is truly excellent, although some are very posed and artificial. I would prefer to see more action based photography: e.g. issue 138, pp39-47; issue 149, pp44-51. Such photographs provide excellent men, excellent action and very interesting background worthy of close study. This can be very worthwhile (e.g. is John Siracusa one of Wes Decker's boys?) see his Lone Star tattoo, right buttock, page 51, issue 149. [Agreed. More action, more out-of-studio shoots are needed, and we're getting them! And, you have sharp eyes: Yes, John was a Wes Decker boy. Now, he is Clive Platman's boy.]

5. On the theme of more action in *Drummer*, why not have a series of articles on real dungeons/playrooms highlighting layout and equipment? I have already mentioned this subject to Larry Townsend. [This is more a *DungeonMaster* area than a *Drummer* subject, and still we are seriously considering it for *Drummer*.]

Very many thanks. Yours sincerely,
D.G., United Kingdom

P.S. Please tell Scott that he is a very lucky boy. [Thank you for saying so. Your message has been passed along to Scott (who is my boy) and he was pleased to hear it.]

LEATHER NOTEBOOK

By Larry Townsend

Dear Larry,

After living in San Francisco for four years I went home to Singapore to serve my nation in the army. The gay population in Singapore is quite large, however, the bars and discos are few and there definitely isn't any leather bar—or much of any leather scene. I acquired an interest in leather, bondage and a few other fetishes when I was in San Francisco and have always wondered if there are any organizations that serve Asian men who are into leather. I would like to have the address and information on how to contact such organizations if they do exist. Could you also suggest other ways of reaching out to people who have the same fetish interests? I am a young Chinese man into leather, "stranded" in a country without the scene which I enjoy. Please give me your advise. Thanks!

P.K., Republic of Singapore

Dear P.K.,

There isn't a hell of a lot I can offer you by way of guidance, unless one of our readers can come up with information I don't have. It's hard enough for a guy in "Smalltown, USA" to find partners, let alone someone in the hinterlands of Southeast Asia. You could probably find a "pen pal" via a classified ad, but I'm afraid that the only real action will have to await your return to a more civilized area.

Dear Larry,

What happens to a Master's slave when the Master dies suddenly? Can the Master leave a will bequeathing his slave to another Master, or does the slave have to be released? What arrangements should be made in case a slave's Master dies? This is an issue that should be brought into the open for the sake of the slave.

slave, south of Mason/Dixon line

Dear slave,

The 14th Amendment ended legalized slavery in 1867 (final adoption). It therefore follows that any Master-slave relationship that exists today is strictly voluntary on the part of both parties, and can be terminated by either at any time, regardless of what "legal" documents may have been drawn up by or for the participants. However, for people involved in this kind of relationship, their own set of rules (written or otherwise) are just as real as if they had the effect of the law to sustain them. Unfortunately, when a Master dies he can only "will his human chattel" to another Master if both the slave and the new Master are willing. The Master should, however, assure that his

slave is provided for to the best of his ability—especially if the slave has not been employed outside the house, and therefore has no immediate financial or employment prospects of his own.

Dear Drummer,

I was stunned—and not in a nice way—by L.T.'s response to "slave Bill" in issue 149. The writer asked, in essence, whether there were any negative long-term effects of repeated enemas. Larry's medical advisor is wrong in this case. Slave Bill complains that he *already* can't crap without an enema. That's not natural and it indicates a problem. It is true that lower colonic flora can be restored by eating yogurt, drinking fresh fruit juices, etc. But Bill's Master should make sure that such preventative treatment is part of the regular care and feeding of his slave *now*, right away—not "once the enemas stop, if they ever do." The other issue—which is admittedly outside the scope of Bill's letter—is that frequent douching/enemas dry out anal tissues, making them generally less flexible and thus more likely to develop small cracks or to be torn accidentally. It's extra important to use lube generously and to follow safer-sex guidelines in cases where lots of enemas may be giving your butt-buddy's backside signs of road wear. Thanks for the chance to sound off.

W.R., San Francisco CA

Dear W.R.,

Of all the things we do to our bodies in the quest of sexual pleasure, an enema is one of the most benign. It takes a great many of them over a long period of time to do any permanent damage, assuming the guy has no health problems when he starts. Because of space considerations in this column, nearly all letters are edited down, eliminating unnecessary or redundant verbiage. [But, obviously, the responses are not.—Ed.] In Bill's case, he had indicated enough care and knowledge on the part of his Master that we weren't concerned about the issues you raise. However, for the benefit of our other readers it would probably have been a good idea to include the points you made above. Consider it done.

Dear Mr. Townsend,

In *Drummer* 149, you responded to a letter asking about whether having a Master restrict a slave's ejaculations for a long period of time would pose long-term health problems. You dismissed the potential for later prostate problems with an airy "it seems a cheap price to pay for the privilege of your present existence. There are a great

many guys out there who would change places with you right now." Really. And how many will want to change places with him when he goes through prostate cancer in 20 years? It is time that the Leather Community grew up, and realized that although sex is important (and for some seems to be the only significant element of their lives), sex is not worth death or serious illness. (The letter then goes on at some length about a local doctor who gave faulty AIDS advice.)

A.C., Springfield, VA

Dear A.C.,

Boy, the vigilantes are really after me this time! (And they're usually on my case for being too cautious.) Do you really believe that restricting a guy's freedom to shoot his load in his twenties is going to assure his getting cancer in his forties—or his fifties, or sixties? I hardly think that is a valid assumption. A Master's controlling of his slave's ejaculations is one of the oldest and most universal games in the SM repertory. It also tends to be one of the activities that takes place during the earlier phases of a relationship, and tends to slack off as the initial passions cool. In other words, it is seldom that a slave is restricted for such extensive periods that you really have to worry about long-term effects. Prostate cancer—like most forms of the disease—results from a multiplicity of factors in a person's life. Admittedly, if we all played it completely safe, we might all live a little longer. But by the very nature of the games we play, we run a greater risk in a variety of areas than do the vanilla practitioners. I believe, in answering any of the questions posed by our readers, that we ("we" being either myself or any of the *Drummer* editors) have to respond within the context of a leather lifestyle, and to take into account our tendency—as a community—to act out a little more on the brink. Because I've been playing these games for so long, and I have watched so many others play them, I guess I tend to read more into a situation than may be expressed in the words of a letter, and therefore assume that the practitioners are using at least a modicum of common sense. You are, aren't you?

Anal Pleasure & Health

SECOND EDITION

Jack Morin, Ph.D.

In these days of doubt and fear it is always a pleasure to find a book that gives positive, sound, research-based information on anal sexuality while dispelling the myths. It is commonly believed that people who regularly enjoy sensual erotic anal stimulation inevitably run a greater risk of developing medical problems. The belief is that one must choose—either anal pleasure or anal health. For many, the strength of this conviction has been intensified even further by the AIDS crisis.

In *Anal Pleasure & Health*, the reader will discover that there is no inherent conflict between anal pleasure and anal health. On the contrary, a person who wishes to expand his/her capacity for enjoying anal stimulation is advised to take virtually the same steps as the person who desires optimum anal health.

Dr. Morin covers such forbidden topics as anal self-exploration, locating and exercising anal and pelvic muscles, stress and tension release through anal stimulation, proper douching and lubrication techniques, physiological aspects of "fisting," confronting the taboos concerning feces, homophobia and masculine/feminine roles, oral-anal stimulation (rimming) and even suggestions on finding a sympathetic physician.

Now in its second edition, *Anal Pleasure & Health* contains full research data, bibliography, and an entirely new section on common medical problems of the anus and rectum, which includes a comprehensive discourse on AIDS and coping with the crisis.

(KW:BC-PROTEST TO ISRAEL OVER TORTURE CHARGE)/L

(X5120/mtm-a)

(ON-LINE WIRE W11:X5120;04)

[WB] (ATTN: Foreign Editors)/L

04-14-1986

WASHINGTON — The United States has protested to Israel the alleged torture of an Arab-American who contends he was brutally mistreated during five weeks in an Israeli-supervised detention center after he was arrested in early February in south Lebanon. The allegation of torture, including beating, electrical shocks and burning with a cigarette, are contained in an affidavit filed with the U. S. Embassy in Tel Aviv by Abdullah Monsour of Erie, PA, a naturalized American of Lebanese Shiite origin.

Monsour's account of his arrest, detention and torture, contained in a sworn affidavit March 20 made at the U. S. Embassy in Tel Aviv, was given two days after he was released by Israeli Authorities to a U. S. official at the Israeli border town of Metulla. According to his affidavit, Monsour was picked up from his father's home and taken to a detention center in Kiam near Metulla. There he was questioned by what he first said were "three Israeli men." Later he told U. S. Embassy officials that the trio included two members of the SLA and one Israeli officer, whom he said was called Yaaki.

Yaaki, according to Monsour's testimony, was present at most of his torture sessions. Monsour said his head was covered by a black bag after the initial session but he was able to identify Yaaki by his voice.

According to Monsour, "The second day, Yaaki started beating me on my face and all over my body. I was subjected to electrical shock on all parts of my body, including my penis and testicles. I was tied with my arms above my head. Cigarettes were applied to my arms and chest, water was poured over me and my body hairs were pulled by some people while Yaaki supervised. I was beaten repeatedly across the back and legs with electrical cables. They twisted my scrotum."

Monsour said he lost consciousness "many times" and was taken twice to a hospital for treatment "because I was in much pain and unable to sleep."

Monsour told U. S. consular officials that he was subjected to daily beating and torture during the first week after his arrest. After the second time in the hospital, however, he was generally left alone, according to the affidavit.

Monsour estimated that over 300 persons, apparently all Lebanese Shiites, were being held at the Kiam center.

The Mental Side of Playing "Safe & Sane"

These days, it is very stylish to throw the words, SAFE, SANE, CONSENSUAL around when we are talking about the SM/leather/fetish sex style. As a "community" it has been fairly easy for us to take up the matter of what constitutes SAFETY from a physiological point of view and, consequently, there have been a host of articles, workshops and demonstrations that convey good information about how to avoid accidental or unwanted physical injury in a scene.

Most players in the scene who have taken the time and energy to educate themselves now feel fairly secure with the safety of their technique. But when we move on to the issues of achieving a scene that is "SAFE and SANE" from a mental or emotional viewpoint, the sense of security can vanish in a heartbeat. To begin with, the definition of "sanity" is sometimes slippery and hard to pin down. Mental health care providers either retreat to the position of "I know it when I see it", or rely on the current manual of mental disorders with all its carefully constructed definitions of mental ailments.

For kinky people, this presents spe-

thought to ask.*

cial difficulties because the currently accepted manual of mental disorders, (DSM IIIR) classes all of our favorite (kinky) erotic pastimes under the general heading of "Sexual Disorders". One of the tests for the diagnosis of "Sexual Disorder" includes the statement, "The person has acted on these urges [take your pick], or is markedly distressed by them." So, for mainstream mental health care providers, we all suffer from a "Sexual Disorder" if we have acted on these urges.

Now is a good time to remind readers that for a very long time, homosexuality was also considered a "Sexual Disorder", and it was not until 1973 with a ruling from the American Psychiatric Association, that the professional view of homosexuality changed—overnight, many millions of people were suddenly no longer officially "ill." It was better than a good day a Lourdes.

My point here is that the definition of what constitutes mental health (or illness) is something that exists in the socio-cultural and historical context in which that definition is made. In Salem,

Massachusetts once upon a time, the consensus was that those whose behavior did not conform were "witches." The afflicted ones were either dunked in water or burned to drive out the possessing "evil" spirits, and no one thought this practice strange. Among the Sambia, a New Guinea tribe of "primitives," a man is considered abnormal unless he offers his penis to a prepubescent boy for sucking. This tribe believes that otherwise the boys can not grow into full manhood. In this context, a male adult would be considered disordered, deviant if he refused to have his cock sucked by a boy!

My guess is that in time, as the mental health care community becomes more educated about kinky behaviors, their view of our behaviors will become more refined, and their definitions will begin to distinguish those of us who engage in these behaviors in healthy ways from those who do not. But for now, we can not rely on the mental health profession for guidance in the matter of what constitutes mentally healthy ways to be kinky because they are still far too ignorant about us and our behaviors to be of use to us.

*Is an SM scene
a good place to
handle issues
around anger
and guilt?*

As a person who has spent upwards of 45,000 hours in the therapy room treating practicing sadomasochists, I have developed a number of guidelines, viewpoints and biases, if you will, with regard to the issues of emotional and psychological safety and "sanity" among sadomasochists. It has become my view that there can be real risks to mental health and emotional stability when individuals approach their SM encounters in the belief that they are an appropriate setting in which to accomplish the resolution of *anger* issues, *guilt* issues, and/or suppressed or repressed issues concerning *child abuse* (physical, emotional or sexual).

I also become suspicious about the psychological motives for one's participation in the SM scene when I begin hearing reports from clients about the onset of strong depressions immediately following all or most of their SM scenes or fantasies about scenes; when I begin hearing about unwanted injuries (including marks); reports about a "helpless" attraction to another person; flashback memories from traumatic childhood days;

the need always to use drugs or alcohol before or during a scene; the inability of individuals to form healthy romantic relationships in spite of their wish to do so, the wish to be or have a partner who is totally dependant on their partner; and others.

A second set of issues that concern me in the therapy room arises when I begin to suspect "hidden agendas" as the motivation for participation in the SM scene. Some of these might be the wish of an otherwise non-kinky person to please a kinky lover; the wish to die in a scene when it comes from a physically healthy person; or the wish to be taken against one's will.

Other agendas of concern might be the need to establish a reputation in the leather "community"; the need to find a social niche; the need to hurt a former partner through a new connection with someone kinky; the need to connect with the Devil or an extraterrestrial; to follow orders broadcast into one's head from elsewhere; to fulfill a prophecy or prediction made by a parent, friend or lover; or because the one we are playing with reminds us of someone else.

When such as these are the reasons

encounter can be used as a mechanism to alter one's consciousness (which we like most of the time).

During such altered states of consciousness when hypnotic states can occur, both the conscious and unconscious mind can be left in a less well-defended state than usual. It is at these times that players may find that they are much more vulnerable than they had ever intended to be. This is not necessarily a bad thing, because part of the scene is playing with vulnerability. But at these times, there is sometimes a risk that ideas and attitudes can be introduced into the mind that may not have been there before. This sort of thing can violate consent before you know it. In bottoms, already low self-esteem can be reinforced if verbally abusive language is hurled into an unguarded mind.

Tops in such a state can get to feeling like they can do nothing wrong.

A good general rule of thumb is that an SM experience that leaves you feeling emotionally refreshed is one that you need not have concerns about. The ones that leave you in emotional turmoil or unwanted psychological pain are the ones

4 If you have a sense, even a vague feeling that someone might not be emotionally safe to play with, then *don't* until you learn more about him and maybe more about your own attractions to him.

5 If a scene is going in an emotional direction that you feel uneasy about or in danger from, either steer the scene in another direction or bail out as delicately as you can.

6 Be very cautious about your use of drugs and alcohol when playing. Be watchful to see if you find yourself falling into a pattern of substance regularly prior to or during play. Consider it a serious warning if you regularly have trouble remembering what happened in the scene.

7 Pay attention to what you hear about others who develop a reputation for playing in emotionally dangerous ways. But also remember that there is malicious gossip about people that may not be true. Just check it out for yourself.

Who really is responsible for keeping scenes emotionally safe & sane?

for participation in the SM scene, the SM is usually not the objective itself, but is instead placed in the service of some other purpose. I fear that when this happens the SM is being used as a tool corrupted if you will, to accomplish something else which may not be psychologically beneficial and may even be harmful.

A third area of concern has to do with the development of an hypnotic state during a scene which can envelope one or both players. When hypnotic states occur during the SM encounter there is a risk that material from the unconscious portion of the mind may flood into the conscious, aware part of the mind and overwhelm one or both players with unwanted recollections from the past.

Most players lack the experience necessary to handle these sorts of emotional crisis when they occur in the play room, sometimes completely without warning. Occasionally, such events result in serious psychological trauma. Most experienced players, many intermediate players and a few novice players know this sort of thing can sometimes happen because they understand that the SM

Is an SM scene a reasonable place to play with my "child" personas?

to pay closer attention to.

Following are some guidelines that can serve to protect one's mental health and emotional safety in connection with the SM scene.

1 Don't lie to yourself about what you want in a scene and why you play. Most people who get into emotional trouble in scenes do so because they don't know themselves very well.

2 If you don't feel good emotionally after a scene, try to find out the reason by spending some honest time with yourself and writing if necessary. It will help to get real clear with yourself about what you liked in the scene and what you didn't. This is not an opportunity for Top bashing, as a bottom, you share responsibility for what happens in a scene.

3 If you know that you have specific areas of emotional vulnerability that you don't want to play with, you can discuss these with your partner before the scene just as you would discuss physical problems.

What does it mean when we say "sane" in reference to SM scenes?

8 If you become suspicious about your emotional process regarding your involvement in the SM scene, first do some honest writing to yourself about your concerns; if you still have questions after doing this, talk to a trusted friend first and then seek some appropriate professional assistance if you are still doubtful.

9 Don't hesitate to get to know the people you want to play with so that you can check out their own emotional stability.

10 Don't take your wounded inner child into the playroom except *maybe* for strictly sensual or playful sorts of scenes. SM is for consenting adults and is no place for children, especially an injured one that may be inside you. If you like to play with pain trips or heavy verbal abuse trips, leave your kid at the door when you walk in.

RIPE

Ripe! Rank! Raw, reeking, ravenous men, that's what you can find on the highways, but only if you're really lucky. These days so many trucking firms want teams of drivers, where one sleeps while the other drives, saving time and money. Many are husband-wife teams.

Some are even male-lover teams (unknownst to their firms' dispatcher).

But the fabled era of lone wolves, truckers on their own, is fading.

You need to go out to the mid-west, farming country, to find lone truckers horny to fuck anything that will stay still long enough. These truckers travel shorter distances, from farms to distributors. That's where to look for the men who need a good licking.

From your tongue. From your hand. From your belt.

And one of the ripest of these surviving lone wolves is aptly named Berry, short for Berrigan; first name, Albert. His dispatcher dubbed him "Berry" and it stuck. Berry had been called Al all his life, *big Al* in fact. But the name Berry seemed so unlikely a name for such a huge bruiser of a man, that everyone used it.

Berry got used to it and even began to like it. Felt it humanized him a bit.

Being six-foot-three, two-hundred-fifty pounds, Berry could freeze the blood in a Green Beret just by walking into a room with his silver hard-hat, open-front coveralls and work-boots.

Story by
Richard A. White

Illustrated
by R.A.W.

"Berry... yeah... ripe, red, juicy... jes' like muh cock. I like it." he'd say.

Berry was also a man who could intimidate with his honesty; blunt, direct, but caring honesty. He'd only speak his mind if you asked, and if he knew you really wanted to know what he thought. He didn't lash out at people with caustic observations. He'd just watch and he'd see how things were. And smile. His smile was the third thing that could send shock waves through you. Wide, wide teeth under a black mop of a mustache. He usually needed a shave, and his smile cut dimples into his wide face as deep as an ass-crack. His blue eyes smiled as much as his lips, the dark, steely blue of gun-metal. Not much about him that didn't intimidate.

Berry was honest with himself, too. He cared enough about himself to be that way. No wonder he could care about other's feelings; he respected his own. He knew he was great looking, but he didn't dwell on it, brag about it or take any credit for it. "God jes did a good job on me, tha's all." He'd grin when someone, male or female, would tell him how stunning he was to look at. *No one* could see him and not pause, even for the fraction of a second it takes for the mind to catch itself staring. Some would pause longer... hours longer... days longer, just to look at him, fuck with him, or just travel alongside him. One man wanted to pursue Berry, but Berry wouldn't let it happen. He knew the man had to find his way on his own without a Daddy; at least for the time it took for the man to figure out what he wanted, *know* what he wanted after tasting more of the things males could offer his body or steal from his heart. Berry first saw the guy thumbing on the highway. He was short; just about five-six. He had sandy hair, no mustache or beard or long hair, green eyes and the fuckin' body of a man who's taken lots of years to carve the form he felt good walking around in. He was wearing a Green Bay Packers football shirt, worn jeans, and stood with one leg on a battered suitcase. Berry saw the look on the guy's face and knew he shouldn't pick him up. Nervous but determined; a closet case, Berry surmised. "Why torture myself?" Somebody's bound to pick up such a handsome fucker. Besides, I'm hungry," he reasoned wisely. The man's face did indeed have that sad yet staunch look of a man uncertain of his path.

Berry knew the sort all too well. The sort that tries real hard to impress the

world that he's normal, just like everyone else, except that no normal person tries that hard to convince the world of what he is. He just *is*. Berry had had too many of those dialogs that go nowhere. Berry had nothin' to prove. He just *was*.

And right now, Berry was hungry. He'd dropped off his freight and was on his way back to his dispatcher. Berry, unlike most of the truckers who worked for Spectrum, owned his own tractor. It was a big, silver demon with a cabin in back, complete with a small shower. He drove his trailer with it's load to the

to stay for awhile. Maybe for good. "Good guess... left Akron yesterday lookin' for work... construction maybe. How's the truckin' business? Lotsa work?" George asked. "Some. I work for a firm in Hudson, that's where I live. 'Bout ten miles from here." "Kin yuh take me that far?" was George's unavoidable question. They finished and walked to the truck. As they got to their respective sides of the truck, Berry undid two more buttons over his crotch, knowing his meat would be in full view once he sat and the coveralls spread.

customer's freight yard. He was now turning his tractor into a McDonalds for lunch. Without the bulky monster of a trailer behind him, parking his tractor was easy. The parking lot was almost full, since it was 5:00 pm... supper hour.

Berry walked about, food-tray in hand, looking for a seat. There was only one, opposite the hitch-hiking beauty. What the hell, he was hungry. He sat, nodded to the man and opened the first of two chicken McNuggets boxes. The man was silent for only a few seconds, "That yer tractor out there? It's a beaut'." Berry looked into the man's aqueous green eyes. Berry felt his gut tighten at the raw beauty of the man. "Yep," Berry smiled, "she's mine... and the bank's. She'll be all mine in about two years." They ate for a few gulps and then the man said, "George... George Forte. What's yours?" He extended his hand to Berry. "Al... but they call me Berry, short for Berrigan." They shook hands, clenched hard grips that made Berry's big heart race.

"Headin' in tub Cleveland?" Berry asked. It wasn't hard to guess. They were now in Cuyahoga Falls, about 25 miles south of Cleveland. George's big suitcase meant he was going somewhere

Berry would get right to the point.

Berry started the conversation. He knew once he got George's eyes on his exposed body, the talk would turn to sex, fast. "Why'd yuh leave Akron. Women trouble?" "Yeah." George started to laugh, then went silent, gawking at Berry's protruding slab of meat. The sheer girth of it was the size of a baby's fist, and it was still soft! George's butt-hole slammed shut at the reaction to a quickly shelved thought: Berry's cock buried in George's guts. Berry knew from the pause that he had him. Berry frigged a fistful of cock and balls while he talked, "Not gettin' enough? Or gettin' too much?" "Nah, yuh can't git too much." George laughed nervously. "Sure yuh can... if it ain't whatcha want. An' from the way yer eyecin' my meat-locker, women ain't it... right?" Berry kept lolling his meat around, "Vibrations in the truck. Gotta adjust my three pieces so they don't get hummed hard." George just gaped, slack-jawed. "I heard you truckers were real horny guys, and that engine does shake muh nuts." George was avoiding Berry's volley against his heterosexuality.

"So, what d'yuh want?" Berry spat at George, quick, curt, and staring into

his eyes. George laughed nervously.

"Jest a ride, tha's all," he stammered.

"After that?" Berry went to the limit with his confrontation.

"Jes' company. . . talk. . . tha's all. Why'd yuh ask?"

"Don' worry, I won't ask again, not when I don' git an honest answer."

George was still avoiding Berry's eyes, but he couldn't keep his stare from Berry's thickening gourd. He was absolutely nonplussed. Berry began again. "Big. . . an' it gets bigger. 'Specially when I got a purty mouth like yers swingin' on it."

"No man. Yuh got the wrong guy. I make it with wimmen. I ain't gonna get

AIDS " George sputtered for an excuse. Still, he darted his eyes to Berry's hooded cock.

"Don't make *that* yer excuse. . . hidin' behind a virus. . . ain't no *barrier* there. Make it yer *launchpad* Figger out how to have hot stuff to do without hurtin' yourself or th' other guy. Yuh just *imagine* sumptin', an' if it swells up yer meat, then do it. . . long as it don't spell trouble, then have at it. Ain't no virus in yer imagination, boy." He emphasized the word 'boy' to eat through George's protective veneer. "An' imagination's the only thing we got separates us from animals. . . makes us curious, boy!" "You mean you *do* that. . . even *now*. . . suckin' cock an' all?" George was stunned but

his interest was fired. The real reason he'd bitched a ride with the behemoth driving this rig was cock "Ain't you heard of safes, boy? Use yer head? All kinda good stuff is happenin' in sex. . . stuff we wouldn'ta thoughta doin' before. Yer jes' fuckin' quakin' in yer boots cause I know yer droolin' over there for this fucker." He pulled open his coveralls and let his hose snake out onto his leg. George's face was flushed

"'Fraid yer cock's more honest than you are, babe " Berry hummed, grinning at the hard-on slithering down George's leg. Not long, not fat. . . nice average man's cock. . . mebbe that's what George was afraid of. . . that just bein' average wasn't good enough . .

that he needed a bigger digger. Well, he sure had one now. "Guess so," George's voice rasped, a dry throat. Awe has a way of dehydrating the esophagus. He swallowed, but not much would help. Even his eyes burned. He had stopped blinking. He was rapt with Berry's boner.

"I ain't gonna ask yuh agin. Now I'm tellin' yuh. Tell me what yuh want. Git it off yer chest." Berry drove on. Dusk was approaching and his cock was frigging and thrashing in the air with the demonic fury of a dragon's tail. Berry had bull's balls and a horse's hose. Only on black men had George seen such endowment. And he'd seen a lot. Cock was George's obsession, but only to his eyes. He'd never touched or tasted one. He just stared. But now things were about to change forever. His mind was unravelling the constraints of years of denial. This huge man had a huge cock. If Berry could suck dick and love men, hell, so could he!

"I want your cock. . . however we kin do it so's I kin lick it and not git sick. I ain't sure how to do it, but I want it. . . and them big balls. I wanna have 'em in my mouth and lick yer sack-bair. That's the most amazin' cock I ever saw." George stammered. "Good... what else?" Berry asked, one hand fingering his slimey foreskin. "I wanna see you takin' a piss with it. I wanna feel yer piss on my hands and I wanna shake it off and put it back into your drawers." "What else?" Berry asked, urging George on by rubbing his winking piss-hole and dribbling cock-drool. "I... I dunno, I... I want you tuh want me, too. . . my cock, my ass, my arms and pecs. I want yer mouth on me all over." George was shaking now. Truth was erupting and trembling inside him. It was the most alive he'd ever felt in his life.

"Hell, if I didn't want yer body I wouldn't put muhself through all this talk, now would I?" Berry grinned at George. Pleased now that he was under Berry's spell. Willing to be taken and shown what to do, even if by force. Berry pulled off the road into a clearing for truckers to rest. He wasn't about to rest. Across the way was another parked tractor with a "Spectrum" trailer behind it, and a brassiere strewn over the outside mirror. "The fuck izzat?" George asked as they parked. Berry grinned, "That's a woman trucker who don't wanna be bothered by no cock-suckers like us!" George found that word a piece of work to swallow, but if someone as big and hungas this Berry could call himself that

with a burst of pride, then George would, too. "Yeah. . . cock-suckers like us."

Berry pulled his tractor into the denser foliage. He opened the small door behind the seat that led to the cabin. "Strip. Then climb in an' take yer duds witcha," Berry whispered. Reverence filled the man's voice. Something wonderful was about to be given to George. George obeyed. His body was a rippled, diamond-hard beauty. Kinky, soft curls etched into his pecs and belly muscles. Soft, brown fur ringed his cock. Berry was astute. George's cock wasn't that big, but it curved up like a swan's neck, and had a raging red head on it that was drooling for Berry. Berry slipped off his boots and coveralls, then followed George's ready virgin ass into the cabin. There was just enough room for two with a shower for rinsing off.

"Wow! You could fuckin' live in here," George said. He hung his clothes on the wall-hooks. Berry stood next to him. He grabbed George by the head of the hair and brought him to his knees, eye to head with Berry's hard-on. "Ain't never been this close to a man's cock, have yuh?" Berry whispered. George gasped for air, staring hypnotized at Berry's cunt-slick piss-hole. "Nooo... God... fuckin' incredible," George said. He reached to touch it, but Berry slapped his hand away. "Not 'til yuh introduce yerself. Where's yer fuckin' manners, boy?!!!" "Sorry," George winced. His hand hurt, his hair hurt, but he didn't lose his visual rapture with the throbbing drooler an inch from his lips. "Tell it who yuh are and what yuh gonna do. . . tell it how beautiful it is. . . g'wan!" Berry's hands pulled tighter at George's hair. Silvery drops formed at the bottom of his eyes as he began his homage, his litany of licking. "I'm George and you're the biggest, fattest, hairiest cock I ever saw. I love the way your foreskin slips back so I can see your full, swollen head. I can taste that slippery juice in your hole and the smell of it knocks me out. Them big, loose balls of yours, they're swellin' an' turnin' under you, jes waiting for me to suck 'em. I wanna lick you all over, 'til you're shinin' with my spit, then I wanna wrap my fist around you. . . both fists. . . and squeeze you and rub you until you spit yer fuckin' glory into my face." That did it, Berry was ready. He handed the young man a safe. "I waited a long time for you," George said to Berry's cock.

"Here. Rip it open an' jes' put it over the head. . . no further. The shaft yuh can

eat." George unfurled the rubber over Berry's fat cock-helmet. It swelled up so big, George thought for sure it'd bust outa the skin. "It'll hold. . . for a while. Open your lips, boy!" Berry eased George's skull up to his boner. George's tongue slid out, running with saliva. "Yehhh. . . we're gonna git along jes' fine, babe, lick the head. . . jes' the head. Tell me how it tastes. . . that fist fulla yer first cock. Talk to it."

George licked all around the head, sliding his tongue to the lip of the fore-skin behind the knob. "Jus the head!" Berry scolded as he slapped George's face. "Talk!" George licked and looked up over Berry's mossy, buffalo sized body. "It's bitter and salty and smells so fuckin' good. . . like my balls after a hard day's work. Please let me have more of you. I love you. Please, cock, let me eat you. . . all of you." Berry's rod throbbed up in the air, as if nodding approval.

"That big vein underneath your shaft . . . that's what I wanna lick," George whispered, kissing Berry's engorged meat all over. George inched his way down with his tongue, tracing every snaking vein on the shaft. He buried his nose in the fur at the root, then breathed deep. "You smell so fuckin' beautiful. And all the colors in yer hair. . . red, brown, black. . . soft, ripe curls. . . a place to rest my face." George chewed and nursed the array of man-fur, and his rapid tongue made Berry sigh in delight. George felt relief that he was pleasing the huge man. He gripped Berry's trunk-sized legs and began licking the biggest vein, under the shaft.

"Here's what I been wantin' most of all. . . seein' a man's cum-tube. . . hard. Yer's is so thick. Cock's big enough to shoot five loads at once. . . mmmmm." George hummed and licked the underside of Berry's balls. He ran his hands over Berry's leg hairs, bristly black briars that coated veined, muscular thighs. George was ecstatic at the tastes and smells and feels he was indulging himself with. His mouth opened and slurped both balls into his gullet. Berry hissed in approval. His big balls rolled around in George's mouth until saliva had them sopping wet. George ran his tongue over the balls and up into the folds of skin behind Berry's ballsack. He smelled the heady vapors seeping from Berry's ass-crack hairs. George's cock was burning with pain to cum. Still he licked and talked to his beloved man's cock. He was aware, suddenly, that this was his greatest moment of satisfaction, flower-

ing out the hard seed of his greatest fear. The terror he felt for his sexuality had become transformed into the more ferocious, luxurious fear that he would never get enough of this man!

George slurped his way from Berry's ass-crack, over his bloated cock-hugging balls, down the underside of Berry's cum-vein, and began licking the cock-head encased in rubber. "Open...open!" Berry hissed as he twisted at George's ears. George's mouth engulfed Berry's cock-helmet, and waited for more. He didn't breathe for several seconds, waiting to be told what to do. Berry pulled slowly on George's ears, and George's mouth readied itself for the ravaging to come. Long, slow thrusts slid Berry's

cock deep into George's throat. Gags and tears didn't dim the fiery craving George had instantly developed for cockmeat. "Don' worry 'bout that gaggin' noise... it's music to charm the snake... goooood... swallow... swallow... that's it... squeeze mub shank witcher throat muscles... yeaahh." Berry was feeling that old, familiar tingling under his balls. "Stop," he hissed and pulled out of George's mouth. George gasped for air and wiped the tears from his eyes. Berry dropped to his knees, cock-in-hand.

"Turn aroun' now... talk tuh my meat witcher hole... hands and knees!" Berry growled. George obeyed. Berry slid the safe all the way down, at least as

far as the thing would go over his long boner. George's hole was slammed tighter than a miser's vault. Long, shaggy manfur sprayed all around George's hole; a sight that ignited Berry's cock-head. "Back up, now... kiss mub cock with yer asshole... open up to it, nurse it... wrap that hairy pussy o' yers aroun' my hard on." Berry swatted George's ass to let him know he wasn't fucking around. George turned to look over his shoulder at that huge prod he was about to impale himself on. No stopping him now. "Push that pucker out... then it ain't gonna hurt so much... like yer takin' a shit... Push. Make yer hole wink at my cock... Yyyeaaahhh!!! Lookit that pretty pink bud.... C'mere!" Berry gripped George's

thick-set hips and tugged him closer, resting his cock against George's thick-set hips and tugged him closer, resting his cock against George's gobble-hole. Berry swatted George's butt. "Now, boy, time to rise to the occasion!"

George felt the heat steaming off the tip of Berry's cock, even through the thin rubber. He watched it throb as he inched closer to busting George's hairy cherry. Berry held him by the hips and stared down at George's power-packed, pumped-up body. Berry knew there was one muscle of this boy's body that had gone untended to for too long. Berry was about to expand one more muscle on George's body from the *inside*! George swallowed. He pressed against Berry's hard-on and felt his ass resist, then Berry said, "Push out. . . out! I don't even give a shit if yuh *fart*, goddam it! Push out!" George had been given permission to be human, *fully* human. He pouted apart the lips of his ass, showing Berry the shiny pink of his innards. Berry gripped George tight, but didn't pull him back to his cock. That was George's duty.

The first inch made George's eyes tear, and he saw dancing sparks in front of his eyes. But George was used to hiding his pained hunger for cock. He pressed back more, wiggling his hips from side to side so that Berry's huge slab would slide in easier. Nothing would make that boner easy to take, especially to an untrained asshole. "Half-way, babe. . . keep goin'. . . man, yer a meal on' a sight!" Berry was now massaging George's ass and legs. He even reached up under his hard-on to rub George's furry balls. It relaxed George even more. Berry was almost all the way in, George noticed, as he watched over his shoulder. The fucker was really *going in*!

Just as the safe disappeared into George's hole, Berry leaned forward, letting out a deep murmuring breath. He reached under George's torso for his two nipples. He slid the last inch home and George gasped. His inner sphincter had been penetrated. It was like being fucked in two holes at once. That's how long Berry's cock was! Berry folded his body around George's and gripped both nipples. *Hard!* Then he began bucking into George like an unbroken colt. George whined as the cock-head pounded in and out of his guts. George's cock had gone soft, but he didn't care. His own cock didn't matter anymore. It was the man inside of him he wanted to please. His hole eased and the burnings subsided

Berry's lips were on George's neck "Mmm. . . my good boy. . . yuh got a big dick in yer butt now, boy. . . now ride that fucker!" George felt his erection returning. His tits were raw, his ass ached but he was hard as a hambone! This was good fuckin'! This was what he'd waited for from just the right man. Berry felt George's hard-on return and reached down for it. He slid in faster and deeper into George's buttery fuck-pit. George's cock lathered up it's own lube all over Berry's hand. Berry rubbed some into George's face, careful to avoid his eyes

George laughed from way inside himself, relieved that he'd been freed from his self-created prison. He laughed and his sphincter tightened around Berry's cock-base. "Good. . . good. . . laugh. . . feels good on muh cock, babe. . . mmmmm." Berry whispered and rubbed George's belly

Berry set the shower water for George, then climbed to the front of the cabin to dress. There was more room and he could get away from those eyes of George's. He'd seen the look as he slipped out of his ass, letting his cum

and mouth. "Smell yerself. See how hard I make yuh? That's cock that does it to yuh babe. . . cock in yer pussy. . . MY pussy." Berry hummed. George's cock was a heavy drooler, salivating to unload itself on Berry's hand.

George felt his balls high and heavy and he was afraid of cumming too soon. Berry's fist tightened around George's cock and he hissed, "Cum wit' me. . . I'm real close c'mon babe. . . spill yer seed fer me gimme it!" Berry's raspy voice vibrated in George's ear, his cock was overflowing and his guts were rimmed full of cock. BOOM! BOOM! BOOM! He fired off gob after gob of man-cream into Berry's fist. He felt Berry's cock slide waaaaaayyy up inside him now, Berry *must* be cumming! He gripped his asslips tight around Berry's cock-shaft. "AGGGHHH. . . eat my cock witcher asshole. . . FFUUUCCCKKK!"

Berry lifted George's heavy-limbed body right off the cabin floor with only his *cock*! Suddenly, George felt something explode inside him and he came again, not even a minute after his first load. Berry had hit his prostate and made fireworks in George's guts! Then they both collapsed on the floor, gasping, sweating, cumming, and laughing.

spill on George's leg. George's face radiated. His body nestled into Berry's. This hot trucker that had snatched him from a life of self-delusion. Berry knew the look, and the result. The man would cling; Berry would resist. The man would cling more, then Berry would flee. No, he wasn't going to be the one to do that to George. He would ease ease back *now*, before George had a chance to start caring for him too much. George could save that honor for someone else.

"Aintcha gonna rinse off?" George asked. He climbed in beside Berry, smelling corn-silk clean and shiny. "Nope," Berry said, dropping the clutch "Gotta get this body to bed for a nap. Got a real early drop tomorrow." George said nothing.

They drove to Hudson. Berry pulled over to a roadside diner to let George off. "My home's just a breath away. . . you git yerself a good time in Cleveland, y'hear?" Berry said as he closed his door. He'd shaken George's hand, and letting it go was hell. It was those eyes. . . bottle green. . . wanting, wanting, willing. No, Berry had to go, *had* to. And George had to find his way in his new being. Berry waved, then turned his big tractor down the road to home. ♦

ETIENNE

Dom Orejudos, the artist Etienne, died September 24, 1991, at his home in Boulder, Colorado. He was 58 years old.

As the artist Etienne, Dom is known throughout the world. His sexual fantasy art has been featured in posters and magazines for over four decades. With his lifelong associate and partner, Chuck Renslow, Dom created Chicago's infamous Gold Coast Leather Bar and the International Mr. Leather contest, promoting both to worldwide recognition via his artistic talents. An early pioneer in gay male erotica, he was recognized as one of the great masters of fantasy art.

An accomplished dancer and choreographer, Mr. Orejudos was also recognized as a master of ballet. The recipient of three separate grants from the National Endowment for the Arts, over a dozen of his choreographic works have been presented on PBS television, earning three Emmy awards. His ballet *The Charioteer* was created to inaugurate color broadcasting by the Chicago PBS station. He was the resident choreographer and principal dancer with the Illinois Ballet Company for nine years, and earned critical acclaim choreographing ballets for almost twenty different ballet companies around the nation, including San Francisco, Washington, Sacramento, New York, Milwaukee, Omaha, Dallas, Atlanta, Denver, and the Delta Festival Ballet in New Orleans. He was a judge for the Southeastern Division of the American Ballet Association. Mr. Orejudos' stage credits also include dance roles in the touring companies of *West Side Story*, *The King and I*, and *Song of Norway*.

For much of the gay community, and for the leather community in particular, Dom will be remembered for his erotic art. His exaggerated muscular imagery was easily recognizable, and has been featured in dozens of magazines (including many, many issues of *Drummer*). His art has also appeared as club logos and in print advertising for over thirty years. Dom's murals covered the walls of Chicago's Gold Coast Leather Bar, which earned its international reputation in part by distributing his work throughout the world's leather community in poster form.

Dom's long association with leather dates from the early 1960s when he and partner Chuck Renslow established Kris Studios, one of the earliest "physique style"

photographic studios. Dom and Chuck published *Mars*, *Triumph*, and *Rawhide* magazines, and Orejudos began his career in erotic art on the pages of those magazines. Together they established a leather night at the Hi Ho Club in Chicago, and used it as a springboard to the establishment of the Gold Coast, one of the first and longest lasting leather bars in the nation. They subsequently went on to establish a string of clubs in Chicago, including Man's Country Baths, Zolar, Pyramid and Center Stage, as well

as clubs in other cities such as the Club Baths Kansas City and Club Baths Phoenix.

One of the founding members of the "Renslow Family," Dom inaugurated Chicago's "August White Party" which is now in its eighteenth year.

In 1981, Dom moved to Boulder, Colorado, to devote his energies to ballet, art, and his lover of 22 years, Robert Yhunke, who survives him. From their home in the foothills of the Rocky Mountains, Dom created a number of erotic fantasy art books, including three volumes of *Meatman*.

A world traveler, Mr. Orejudos was stricken with pneumonia while traveling with a 1987 delegation to China and Tibet. That was just one of the many battles Dom had

to fight in his long struggle with AIDS.

Besides his lover, Robert Yhunke, Dom is survived by two brothers, the entire Renslow Family, and endless numbers of friends and admirers.

All of the above is the official obituary. Dom is described a bit there, but nothing in those words, nor anything I can possibly add will adequately capture the sense of loss that I and so many people feel. The cartoons of Stephen (another Orejudos pseudonym) and the art of Etienne, were among the most deeply effective assurance I could find that I was not impossibly "wrong" to want my life the way I wanted it. I greeted every new work of Dom's art with a cheer, and was completely stunned when, in 1989, my new job at *Drummer* led to my meeting this "God" of my self-reliance.

Etienne-Stephen-Dom was a quiet, even shy person who wore his international fame graciously. To the end, he seemed surprised and pleased to know that his work was appreciated. —JWB

The IMLeather logo, above, and one of many Gold Coast poster/ad figures, below, represent two of Dom's passions. Others—cowboys, feet, bondage, piss, boots, menages de trois or more, etc.—are everywhere in the art of Etienne and Stephen.

Hot Men in the Wild!

Report and photography by Larry Townsend

In mid-July the foothills of the Smokies are normally the haunts of red-neck mountain boys and flat-land tourists in station wagons full of wives, kids, dogs, and diapers. And so it was this past July, except for a small enclave of liberated territory called Timberfell and the area immediately around it. This became the site of the first Bob Jones extravaganza—naked slave boys, bondage, video-making, gourmet sex and food, skinny-dipping in the near-olympic size pool—all these good things and more.

Most of us who were there as guests and observers—and sometimes participants—were quartered at the Timberfell Lodge, although the actual festivities were mostly “off-site”, in the woodsy environs. The lodge, however, served as home base, offering comfortable accommodations and excellent meals, always served by a team of naked slaves. This attractive crew of young men had been gathered by the video producer Bob Jones, who has become well known in our community for his foot fetish and tickle-torture tapes. On this occasion he was attempting to get into a little more mainstream bondage, some light SM, shaving, and a fabulous slave auction.

The guests were treated to an almost constant display of masculine pulchritude, as the boys moved about freely, acting as hosts, companions, models, or whatever the guest required. Surprisingly, I

observed none of the attitude problems one might expect from a cadre of young hunks. In fact they were about the most accommodating crew imaginable, providing numerous opportunities for various exercises of the mind and body. (The photos of Max, Gerald, and Troy Kidwell are examples of my own private experimentation. Troy, by the way, is a former *Playgirl* “Photoguy”.)

Over the course of the long weekend, Bob Jones was able to shoot material for several videos, from which we have extracted some stills for the benefit of our *Drummer* audience. I think that my favorite was the sequence on the bridge, where the Fox Brothers encounter four bound slaves and proceed to make the most of their good fortune.

The shaving sequence was shot beside the pool—very nice for all concerned, because the Tennessee weather was extremely hot and humid. Added to the elevated temperatures from watching the “takes”, we were all quite warm before it was over, and more than ready for a cool dip with the actors afterward.

The interrogation sequences were shot at night in the old barn, which is slated eventually to be the leather barracks and play area. Michael, a handsome young man from Boston, was the “victim” of the mad doctor’s questioning—an extremely realistic denouncement, with the filming lasting well into

the wee hours, when most of the guests and slaves had retired for the night with their own agendas.

There was also another “off-site” video shoot, when the producers discovered the presence of a really hot young number staying near-by. The bondage and sex action were exceptional, as we can see in the photos provided by the Bob Jones photographer. (Unfortunately, there was limited space for the shoot, so I was not able to attend in person. Damn!)

This very hot weekend in the wilds of the Smokies concluded with a slave auction on the last night—all proceeds going to charity, of course. (And with the understanding that the boys were being sold for consultation purposes—not for sex. Heaven forbid!) With two burly Tops to keep the slaves in line, the sale proceeded without undue delay or incident, with some of the boys bringing a hefty price. Again, my pictures should speak louder than words.

Suffice it to say that when I motored off on Sunday afternoon, back to my temporary refuge in Kentucky, I did so with a depleted body, but many pleasant memories—the best of which I have attempted to capture on film to share with you.

(Bob Jones’ videos have been reviewed in *Drummedia*, and he has an ad in this issue of *Drummer*; turn to page 50. Enjoy the following three pages along the way.—Editor)

ROUGH STUFF

TWO VOICES ON VERBAL SCENES RESPONSES TO COLUMNS IN DRUMMER 149 & 150

Editor's Note The subject of "verbal abuse" was introduced in *Drummer* 149 by Race Bannon. I followed that with my own article on "tongue lashing." Now, some readers want to be heard on the subject, and each has something interesting to add to the discussion. Their remarks have been edited for space and to reduce repetition. —JWB

First, from T.G. of Dallas, TX

Verbal abuse is a useful tool during a scene, and I use it often with my slave. The rule of thumb I use is that it's OK to abuse a man's actions, but not to verbally abuse the man personally. Put another way, it's OK to verbally abuse only those things the bottom has control over. I can illustrate with some examples.

OK: "You're acting like shit." Not OK: "You are shit." The difference: The first one motivates the bottom to perform better during the scene. The second implies that the bottom has no value, and that there's nothing he can do about it. Besides, why would I spend my valuable time working on a piece of shit?

OK: "Is that the biggest you can make that cock?" Not OK: "What a small cock." The difference: The first one challenges the bottom to do something about it. The second one is a statement that the bottom cannot control.

OK: "You fucker." Not OK: "You stupid fucker." The difference: The first one is a turn-on. Since I'm a college graduate, the second one makes the bottom wonder why I'm associating with someone I consider stupid.

OK: "You better make this worth my while tonight." Not OK: "I could have brought somebody good home." The difference: Again, the first is a challenge. As for the second, so why didn't you?

OK: "You better not fuck up this time." Not OK: "You always fuck up." The difference: The first one is a threat that puts the bottom on his best behavior. The second one indicates that the bottom is not able to learn and progress. Why would you spend your time trying to train a bottom that is untrainable?

At first, this might seem very limiting. But stop and think about it: Every scene is different, so there will be an infinite number of actions that the Top can verbally abuse. But if you limit yourself to verbally abusing personality traits or physical characteristics of the bottom, you're going to run out of things to abuse pretty fast.

Am I being too nitpicky over word choices? Perhaps. I'm a professional

writer, and sometimes it's an occupational hazard. But I still believe that verbal abuse, when the words are carefully chosen, is a valuable addition to a scene.

From R. T. of Ithaca, New York

Humiliation is a powerful weapon, not only in scenes, but in the real world. Not many people have escaped the shame of having their parents discipline them in front of their friends, or the boss yelling at them for a job poorly done. Some people have the facility to accept these situations for what they are, or can be considered: just a blow-up that the person probably will forget about by tomorrow, or a temper tantrum to relieve steam. Mental health is a very delicate thing, difficult to gauge for a professional, let alone a layman, or—as it applies to our argument—a Top.

I was born into a Hispanic family, from Puerto Rico. Into a family of over-achievers. From the start, there was not one single thing that I could do right (according to them). I was fluent in Spanish and English by the age of four. That wasn't good enough... compared to my cousin Willy who could also read Italian. [And the writer cites numerous examples of emotional belittling and abuse within his family. —Ed.]

When I moved out of my parents' house into a flat of my own, I discovered a painful truth: The way I was raised severely crippled me emotionally. I was the same emotionally at 12 as I was at 18 years of age. My answer was to construct a mature facade that I didn't dare let down.

My sexuality was a constant war inside me. Who could I talk to? Not my folks, that was for certain. Looking at publications on the newsstand, I saw *Drummer*. Here was a magazine that answered quite a few questions for me. I started looking for someone to be the father figure I didn't have. I thought I

found it in a man named Andy.

Our Top/bottom situation was confined to the bedroom at first. Later, he took advantage of my immaturity by staging public humiliation scenes, no matter where we were. This situation was too painfully familiar. The epithets he hurled at me reinforced what I already felt: that I was nothing, and would remain so. A public rape at a party was the last straw for me. I left him then. Everything I owned was at his apartment. He could keep it. It finally took a restraining order to keep him and his scene away from me.

It's taken a few years of soul-searching, and will probably take the rest of my life to untangle these attitudes from my subconscious...

I would not survive an SM humiliation scene. My mental well-being is too fragile, and I put both that and my physical well-being above all else, including any relationship, should it ever come to that. And this is not a situation like riding a horse, where you get back on until you overcome your fear.

I seriously doubt there are many slaves or bottoms who feel this way about themselves. The danger of doing severe, and possibly irreparable damage exists in every facet of life, but what signs are there of doing mental damage? How do you know that your next phrase won't send your slave over the edge? Go ahead and laugh. I've been in that situation. It's not a case of another sexual conquest, another notch on the belt. Can you live with yourself knowing that you've destroyed another person's self-esteem? If you can, thank God I'm far away from you.

Know your partner before a humiliation scene. Be extra alert for even the slightest change, the smallest hint that it's going wrong, that they're believing a lie that you tell them they are. If you see that happening, for God's sake, stop the scene. Ask them if they're alright. Hold them, comfort them. Goddammit, be concerned for them. Give them all the support you can give.

The only authority I speak from is my own experience. As you've gathered, I find verbal abuse more dangerous than a whipping or a rack. Skin can heal, bones can mend. What bandage do you use for a broken soul?

Next issue, space permitting, I will show you one more response to the questions that have been raised about verbal scenes. Then, perhaps, we can leave the subject alone... which certainly doesn't mean never thinking about it again —JWB

Jeff walked down Washington Street, the warm, heavy, night breeze brushing his face, pulling him deeper into his search for a night of excitement and thrills. Tonight was his first visit back to New York after several years' exile in the wholesome heartland of America. He was ready for excitement and thrills. Memories of nights long gone in New York flooded his mind.

This part of the West Village had always had a special attraction for him. A few blocks away he had met the first man to initiate him into the world of SM sex. He had willingly groveled at that man's dirty boots, his naked ass up in the air for a heavy lashing. Before the night was over he had his Master's fist up his ass. That had lasted only one night and he never knew his Master's name. No words had been exchanged between them.

That had been ten years ago and a lot had happened since then. Jeff had learned a lot about man sex, but nothing quite as thrilling had happened to him since that mysterious night long ago.

Jeff's right hand groped his dick through the pocket of his Levis, pulling the warm shaft across his leg so he could rub the head through the fabric of his pocket. His left hand slipped through his shirt front to toy with the ring in his right tit.

The night had been a real waste. He had started earlier at the Diamond Theater, a place he had fondly remembered, on the Lower East Side. There was always action of some sort going on in the seats or corners of the theater and downstairs in the fantasy rooms and the dark tunnel-like hallways. One night he had stood in a circle in the fake jail cell with five other men while a guy wearing only a pair of handcuffs had sucked each of their cocks and then begged to be pissed on.

Tonight the Diamond had not been anything at all like that. No one was doing anything in the seats, not even jerking off. One guy off in the corner was even snoring. The basement still had the fantasy rooms and fake jail cell, but the lights were turned up high and there were posters everywhere reminding him that sexual contact in public places was against the law.

whispered wetly in his ear. Jeff turned and followed a guy a little shorter than himself out of the theater and down the street. Two blocks away, in an apartment filled with auction catalogues and piles of dirty clothes, he had smoked a joint with this guy, who began to look more and more like a troll after each hit of the joint.

They had gone into the bedroom and the then-naked troll had slob-

bered all over Jeff's levis trying to get at his cock. The troll's own long, skinny cock stuck out grotesquely from his body like a crowbar.

Just as Jeff was beginning to throw himself into this scene, thinking it would be all the sex he could find in the city that night, the phone rang. The troll, whose cock went limp on the second ring, talked to someone who was obviously his wife.

"I love you, honey," he said as he put the phone down.

"We've got to hurry. That's my wife. She'll be home in an hour. Come on guy, feed me that big prick."

Something inside Jeff clicked. He got up on the bed, straddling the troll's face with his crotch, pinning him to the bed. He rested his ass on the troll's chest and smiled as the troll tried to get his mouth to the button fly of his jeans. The troll's right arm came up in a vain attempt to pull Jeff's crotch closer to his face.

Jeff grabbed the arm, tying the hand to the bed post with a silk tie.

"Hey, I'm not into bondage, man."

Jeff ignored the troll's protest.

"You want this cock? I give the orders." Jeff moved his crotch a little closer to the troll's face. Stretching his neck, the troll could just barely lick the worn fabric of Jeff's crotch.

Jeff reached down and slapped the troll's face and then grabbed his left hand, tying it with another tie to the bed post. "That's the sickest lookin' cock I've ever seen," Jeff said as he turned around on the troll's chest, putting his ass in the troll's face. He pinched the head of the troll's cock. The troll cried out in pain, writhing as best he could under the weight of Jeff's body. "I bet your wife likes that long skinny thing, doesn't she? Tell me, does she sit on your face dripping cunt juice all over you?"

The troll squirmed on the bed. "You've got to let me go. My wife's comin' home."

"Yeah, so I hear. She's going to get a kick out of seeing you tied up like this. I wonder what she's going to say?"

Jeff jumped off of the bed.

"You want to see my cock? Well..." Jeff popped open the buttons on his fly, "here it is, fella'. It never did

get hard for you, but you get to see it in action anyway"

Jeff pulled on his cock a couple of times, spit-shining the head. He aimed his still soft cock at the troll's face and cut loose with a long piss, washing the troll's hair and face and soaking his bed.

"I hope you and the *missus* have fun, fella'." Jeff said as he stuffed his still dripping cock back into his pants and walked out of the bedroom. In the living room he picked up a joint off of the coffee table and walked out the door, hearing the troll whimper.

"His wife sure is going to be pissed when she sees him," Jeff thought to himself as he headed down the street toward the West Village.

The warm night air worked with the pot, making him feel higher and hornier. His right hand rubbed his cock through the fabric of his pocket and he felt the first drip of sticky cum soak into his pocket.

There were only a couple of people on the street ahead of him at this late hour, hurrying off on their own business. Jeff had nowhere to go, nothing to do, except wander back to his hotel room.

The pot began to take over his mind and Jeff got into the rhythmic sound the soles of his heavy boots made on the sidewalk. A steady, heavy thud, thud. His cock got harder with each thud, remembering how a fuck buddy back home in Nebraska got off on Jeff's boots, begging Jeff to grind the dirty soles into his face. Jeff could see the guy's face on the sidewalk and he began to walk slower, heavier. Each step, he imagined, was stepping on Billy's pretty lips, squashing his nose.

"This pot is really good stuff," Jeff thought as he brought his foot

down harder and harder on the concrete, grinding into Billy's face, imagining the pleading look in his eyes.

A chill went through Jeff. He suddenly was aware of someone watching him. He looked up at the empty street, slowly turning to his right. Leaning up against a huge, shiny Harley was a tall guy dressed in leather.

"How long has he been watching me?" Jeff thought.

His first reaction was to turn and walk away as fast as he could. He'd been making a fool of himself. The pot had taken over his brain. But the leather guy didn't move. He was still leaning against the bike, arms crossed over his chest, one booted foot propped against the front tire of the Harley. A leather cap pulled down low across his face obscured everything. The dim street

light reflected off the man's jet black leather pants and jacket.

There was something mysterious and powerful about this guy in leather. Even though Jeff couldn't see his face he knew that the guy was watching him; he knew the guy could see right through him. Jeff's cock came to life again in his pants. He reached down and groped himself. Feeling his cock through the denim of his pants he felt even more alive, more confident. He took a step toward the leather man.

Still the man did not move. Jeff couldn't even tell if the guy was breathing, but he could feel those eyes watching him, eyes which he could not see. The guy's powerful, mysterious presence pulled Jeff toward him.

He took another step, conscious of the heavy thud his booted foot made, thinking of Billy's tongue

washing its sole. His cock grew harder, confined by the worn denim of his pants. He took another and another step, each step heavier and more deliberate than the one before. With each step he felt his cock grow harder, the pot making his brain swim. He was less than five feet away from the man in leather and still no movement from the guy. Still Jeff could not see his face.

Snap! There was a sudden, loud snap in the night air. It was the first noise Jeff had been aware of other than the thud of his own booted feet. It stopped him as swiftly as a gunshot might have.

The guy in leather had snapped his fingers. He had *moved*.

His finger was pointing to the ground between himself and Jeff.

Another snap of the fingers.

Jeff understood the command.

He dropped to his knees three feet in front of the mysterious leather man. Straight ahead of him was a gloved fist, blurred in Jeff's vision was the guy's leather covered crotch. Jeff's jaw dropped open and his tongue hung out like a panting dog's.

Jeff was vaguely conscious of some people walking by, muttering something as they walked, but his eyes would not let go of that finger and the crotch behind it. His head felt warmer. Big drops of sweat rolled down from his arm pits. His balls and cock were churning inside his jeans. He lowered his head to the guy's booted feet and brushed his tongue across the dirty, cracked leather of the boot toe.

There was no response from the mysterious leather man. Jeff licked the toe again, afraid to look up. His tongue worked its way through the

street grime into the stitches where boot and sole met. Jeff was aware of more people walking by, saying something about faggots and queers, but he did not raise his head. Instead he grabbed onto the booted foot with both hands, smashing his face and tongue into the leather. He wanted to eat those boots. His nostrils flared with the sweaty, funky smell of the boots. The salty taste of the boot grime made him drool. He tried to work his tongue under the edge of the boot against the ground to get at the grime better. His head was swimming with the glow of pot. All his mind could think of was *boot*.

Suddenly the booted foot rose up and kicked him hard on the upper chest. Jeff went sprawling backwards, more stunned than in pain. He took a shallow breath and lunged forward, his belly flat on the ground and arms reaching for the booted foot, which had just sent him flying backwards. The boot didn't move. Jeff, holding onto the back of the shank, pulled his face onto the boot, pulling himself across the ground on his belly. His cheek brushed against the rough leather. His head exploded with the smell and feel of worn leather.

Jeff started to pull himself up, momentarily letting go of his hold on the boot. Again the boot rose up and kicked him—this time on the cheek. Sitting back on the sidewalk, Jeff felt the tingle of warm blood across his lip.

Again he lunged toward the boot, oblivious to the man above it. He had to have the boot. His tongue needed to kiss the boot. His teeth needed to chew on the old leather. He needed to suck on the boot and soak up the smell of sweaty leather. He had to have the boot. He grabbed the booted foot once again and pulled his face back onto the warm, dusty leather.

Something wet—a gob of spit—landed on the back of his head and dripped down his neck toward his collar. Jeff held onto the boot, held onto his prize, ignoring the spit sliding down his neck. His cock was dripping through his pants. Suddenly the other boot hit him hard in the ribs.

A moment later, Jeff followed the leather form around a corner, watching the booted figure walk the bike into a stall under the stairs of a brownstone, and go inside. He followed. He had to have more of those boots and the guy wearing them.

The outside door was open and the inside door was slightly ajar. Jeff pushed it open, peering cautiously

into a gloomy hallway. He took a couple of steps forward, wondering where the leather man had gone. He heard a thud and then felt a pain in the back of his head as he crumpled into a heap on the floor.

Jeff had a vague memory of being dragged across the floor, the back of his head bumping across a threshold. When he came to he found himself stretched out on the floor, arms pulled behind his head and handcuffed to a barbell. His shirt had been ripped off and left in a pile beside his head. His now soft cock and his balls had been pulled out of the fly of his pants.

He looked around the dim room, moving his head as best he could. A lamp behind him cast a faint light over the small room. In the shadows he could make out a mattress on the floor. There was a pile of dirty clothes near his head, next to his torn shirt, but no trace of the booted man.

Jeff tried to look around by throwing himself from one side to the other, but the barbell would not move and he could see very little in the dim room. His cock, in spite of himself, began to grow hard, sticking up from his opened fly, excited by his immobile situation.

Jeff lay on the floor, locked in place by the barbell and cuffs for what seemed like an hour, straining to hear anything, see anything, believing he had been abandoned. A door opened and slammed shut to his right. The wooden floor creaked as heavy, booted feet walked towards him and stopped at his head.

Jeff swung to his right and there were the booted feet which had kicked him around on the street. His tongue reached out to lick the toe.

"You sure are ape shit for boots I have *never* seen anything as pitiful as you," a deep voice high above the boots muttered. Another wad of spit hit him, this time on the cheek.

A gritty boot sole rubbed across Jeff's chest, grinding the heel into

his ringed tit. Jeff moaned and squirmed, unable to get his hand on the boot and pull it harder onto his tit. The boot moved across Jeff's throat, gently pushing down on his Adam's apple, making him fight for air before the sole landed hard on his mouth, pushing his teeth back into his head. Jeff's body continued to squirm as the boot ground into his face.

"Man, you're boot crazy," the voice bellowed out. "Have you ever had your fill of boots?"

"No, Sir!" Jeff yelled back. He looked up at the leather man's face, still hidden in the shadow of the pulled-down leather cap. The guy looked even bigger from the floor. His jacket was open, revealing a dirty T-shirt with tufts of curly black hair climbing out at the neck. The black leather of his pants still shone in the

dim light. The fly was unbuttoned and a gloved hand was pulling out a big, soft cock. The room was full of the smell of leather and sweat.

Jeff stared up at the cock, cradled in the leather-covered fist, as the man began to gently kick Jeff in the side and along his legs as he walked around him. Between kicks he spat down on Jeff's naked torso. A glob of spit landed on the head of his erect cock. The kicks got harder.

"Stay still and take it like a man. I don't wanna hear anything come out of your mouth. Understand?"

"Yes, Sir!" Jeff shouted back.

The kicks got harder and harder and came quicker and quicker. Jeff was being kicked around like a soccer ball although he was trying to remain still and take it as he had been ordered. A sharp, hard kick between his legs at the base of his balls finally made Jeff try to roll up into a ball to protect himself.

The leather man continued to kick any part of Jeff's body his boots could reach, except his head. His ass

took three hard kicks in a row.

Jeff screamed in pain, "Please, Sir, please."

The kicks stopped. There was silence for what seemed like hours. Jeff moaned and tried to roll into a fetal position.

"I can't take any more. Please don't kick me, please. Please, Sir."

The man bent down and unrolled Jeff's curled up body.

"Boy, you got to do better than that. I thought you wanted more of these boots. What's wrong? You pussy? Your own fantasy too much for you? These boots want to leave their mark on you. Understand?"

The whole time he was speaking, the leather man's gloved hands were gently rubbing Jeff's hard cock and balls. Jeff's body straightened out and tried to relax, but he knew that he could not take any more kicks.

His ribs felt bruised. His groin ached. His ass throbbed. Sharp pain shot through his arms. They were still cuffed behind his head to the barbell. The metal of the cuffs cut into his wrists.

"Yes Sir, yes Sir," Jeff muttered.

"Yes Sir what?" the leather man shouted as he continued to rub Jeff's hard cock and balls.

"Yes Sir, I can take it," Jeff said back in a brave but faint and unconvincing voice.

The gloved fist was working his cock harder, making him squirm. Jeff could feel the sticky ooze of his precum being rubbed up and down the shaft. A gloved finger worked its way into his dry asshole.

"You sure you can take more of these boots, boy? If you can, I might let you suck on them till you cum."

Another big blob of spit hit Jeff in the face, just below his left eye and slid down to his lip. Jeff's tongue shot out to suck in the spit.

The man stood up and Jeff braced himself for kicks as the leather figure walked around his body. But, instead of kicks, he got only gentle nudges with the steel capped toes of the man's boots. Each time the toe of the boot touched his body, Jeff tensed, determined to take the kicks like a man, like he had told his tormentor he would do, but scared of the kicks. The sharp kicks did not come.

The leather man walked around Jeff's tight body three times, all the time gently nudging Jeff with his boot and muttering things Jeff could barely hear. The man's hard cock jutted out from his body, a pair of huge, sweaty balls swinging low between his leather covered thighs.

Sometimes he would rub his

cock with his gloved hand, or cradle his balls. Occasionally, another glob of spit would hit Jeff on his chest or his face or his crotch. Each time the spit hit him, Jeff jumped as if he were about to be kicked again, but the kicks did not come, just nudges with the toe of the boot. Tears began to well up in Jeff's eyes as they followed the leather figure around his trembling body, unable to get away from him, wanting to run, yet wanting to stay.

After the third walk around Jeff's tense body the man abruptly squatted at Jeff's feet. His gloved hands pulled Jeff's jeans up over his combat boots as he knelt down to lick the laced shank of one boot. Jeff's cock oozed another dribble of precum as he felt his tormentor's tongue move across the leather of his boot.

The man began to slowly unlace the boots, carefully and deliberately pulling the leather laces through each eyelet until both boots were completely unlaced. The man said nothing as he

tossed the leather laces at Jeff's face. Jeff tried as hard as he could not to move. He wanted to free his hands to rub his cock, to feel the leather of this man's boots, to get his hands on the big cock hanging out of the man's leather jeans.

The guy jerked Jeff's boots off. He put his gloved hands into Jeff's unlaced boots, moist with the sweat and funk of Jeff's feet, and straddled Jeff's body, resting his ass on Jeff's chest, his cock inches from Jeff's face. He cradled Jeff's head in his booted hands, rubbing first the rough soles, then the smooth leather shanks over Jeff's cheeks. Jeff closed his eyes and moaned, rolling his head back and forth between the booted hands, tingling with the excitement of his own boots rubbing across his face.

The leather man pulled his hands out of the boots and slowly began to pull on his long dick, just inches from Jeff's face. His hands hooked to the barbell behind him, prevented him from raising his head and his

mouth to welcome the big piece of meat sliding back and forth in the gloved fist. Jeff swirled his tongue around, making a motion of wanting to pull the cock into his mouth.

Suddenly the leather man let out a loud grunt and rose slightly over Jeff's chest before coming down with a thud, almost knocking the wind out of Jeff again. Four long spurts of milky white cum hit Jeff on the neck and face. His tongue pulled in a dribble of cum which landed on his nose.

"Look at pussy. See how messed up his face is. Got cum all over your face, asshole. Can't have you looking like this."

The leather man's gloved hands rubbed his cum into Jeff's cheeks, across his lip and into his hair. He then picked up one of Jeff's boots and rubbed the toe and shank across Jeff's cum smeared face. Jeff moaned, smelling the salty leather of his own boots and the earthy funk of the leather man's cum. He ached to get his fist around his own cock. He was so close to coming.

The man stood up, turned his ass toward Jeff and knelt down on the floor, straddling Jeff's chest, the soles of his boots on each side of Jeff's head.

"This prick looks like it wants to speak. Look, it's trying to open its mouth," the leather man said as he tried to wiggle his gloved little finger into Jeff's piss slit. "Can't get its mouth open enough, can it?" the guy said as he worked the head of Jeff's cock, stroking the shaft.

Jeff moaned as the leather man rested his ass on his chest and began to jerk on his cock. Boots against his head and a leather covered ass in his face, Jeff closed his eyes and let out a loud moan.

The man kicked his heels together, hitting Jeff's temples hard. Jeff's eyes shot open. The pain made him cry as the guy kicked his booted heels against Jeff's head several times.

Jeff felt the gloved hand work over his oozing cock, pulling on his balls. A finger slipped into his asshole. After six long, slow pulls on his cock, Jeff's body tensed as the heels once again knocked his head and he shot his wad high into the air.

"Well, looka there. The thing did speak. Can't tell what its trying to say though."

The gloved hand squeezed tight around the head of Jeff's cock, trying to rub the cum back into his piss slit. Jeff let out a long, low moan and squirmed, pushing his body up to meet the hand pushing his cock

down.

The leather man stood up and rubbed the soles of his boots across the sticky mess on Jeff's cock and stomach. Jeff groaned louder, rolling from side to side, wanting desperately to free his hands to touch his own aching cock, to feel his Master's boots, to feel his own boots.

The man put the sole of his boot, wet with Jeff's cum on Jeff's lips. Jeff's tongue slurped his own cum off of his Master's boots until the boot was pulled away. Jeff, exhausted and unable to move, gave a deep sigh and rolled his head back and forth on the floor.

"You didn't pass, boy," the leatherman said. "You got to take those kicks better than that. Guess I'll have to keep these boots of yours until you show me you're man enough to wear them."

The leather man bent down and picked up Jeff's boots. He rubbed the sole of one of the boots across Jeff's softening cock and then stood up and walked out the door, slam-

ming it shut behind him. A loud sigh rose up from Jeff's toes.

He would do better next time around. ♦

DRUM MEDIA

A Few Nasty Briefs

by Joseph W. Bean

With good reason (letters from our readers) we do everything we can to get some leather media reviews in every issue of *Drummer*. For the same reason, when something has to be cut or abbreviated, media goes first. This issue we're in-between, a few hot items is all we can get in.

First, video from a new producer: **Butch Boy Productions**. Imagine yourself stretched out on a bed, in a mirrored room, stroking your pole, watching a parade of major hunks. The beefy boys and daddies stroll in by ones, twos, threes, or more, oil up, pose, show you their best routines and their dicks. Some jerk on each other's meat. Some of them let you have a taste. Now, imagine you have a camera hidden in the wall above the bed! This is what *Butch Boy #1* is.

The motionless camera doesn't get faces, it's focused for the snapped-hard abs and teased-hard cocks. And what

abs! What bods—from neck to knee, at least.

Then, Butch Boy tosses in with the dozen or so muscle scenes, a few minutes of cocksucking, some fucking, moments of three-ways, and a series of scenes with guys who—although not competition quality bodybuilders like the others—have world-class meat. Dicks in the "breath-catching, ohmigod, is that real, oh-yes, it is real" category.

Butch Boy #1, 60 minutes, \$39.95. Butch Boy Productions, P O Box 1794, New York, NY 10113-0930. (For this and other similar BBP tapes, see the ad on page 5.)

Second, a book from an old friend of *Drummer* and the leather crowd in San Francisco. *The Quest* by Ben George, privately published, 1990. \$12.95, 110 pages; illustrated by Randy West; paperback.

My most common reaction to leather/SMerotica published as a single piece in a separate book is that, with proper editing, the tales could have been told just as effectively (if not bet-

ter) in a short story format in a magazine or anthology. That is very definitely *not* the case with George's *The Quest*. It is a complete story and, to be told well, it needs every sentence of its current length.

George's main character is a leatherman who wears a cop uniform and enjoys tremendous success in the leathersex prowl. He's doing just fine, then he meets *serious* leather, and is retrained, reintroduced to everything he thought he knew, re-built into a genuine, capital-m Man, and gathered into the ancient lineage of Men who are Men by virtue of their Being.

The story is peppered with well-written sexual encounters, stabilized with moving reflections on the fantasies and realities of leather relationships, and elevated to a special place in leather literature by the skill with which the spiritual journey of maleness is described in the context of longing and learning.

This book belongs on the shelf with your favorite Sam Steward (Phil Andros) books and whatever texts you refer to when you need to be reminded that life is infinitely more than survival. It may not be available in all that many book stores—being privately published and distributed—but it is available from Desmodus, Inc., P. O.

Then, speaking of Sam Steward, you may not yet be aware of his most recent work, published under his own name. *Understanding the Male Hustler* by Sam Steward, Harrington Park Press, Binghamton, NY, 1991. \$9.95; 147 pages including index; paperback.

It was a sad, sad day when AIDS and the complications of safer sex in a rough-n-tumble life led Sam Steward to retire his erotic-adventure hero, Phil Andros.

Now, no less audacious, barely less sexual, Andros is back. The character and his creator meet in "Understanding," and they discuss everything that comes to mind about hustling, how to incite and intensify pleasure in the male body, and the effect of AIDS on the oldest manly profession.

If the title sounds a little dull understanding *anything* suggests a dry treatise to me—don't let that stop you. After an interesting and informative introduction by John P. DeCecco, PhD, the book takes off!

Using all the warped charm and macho flair that has made Phil Andros an ageless, even legendary hero of gay sex, Steward works the facts about

hustling and hustlers, VD and AIDS, pleasure and pain into one seamless, amusing, and joyful conversation which the participants overtly understand is for publication.

The twisted logic of the book—Steward is writing a talk between himself and Andros who is credited with the writing of all the Andros-hero books previously written by Steward—fades away as the author and his creation take on distinct personalities with overlapping, but still distinct bodies of experience and information.

This book is irresistible. If you have no interest in sex or hustlers, read it because it is fun reading, good language brilliantly manipulated, or just because it wraps up the Andros odyssey so nicely.

By the way, Phil tells me that he is advising Sam to put out another book about hustling, this one written from the viewpoint of the johns who keep the hustlers in business. Harrington Park Press is saying yes to the idea as well. Okay, I'm ready for that volume, too.

Again, if your local bookstore doesn't carry *Understanding the Male Hustler*, order it from Desmodus. The address and instructions are at the end of the review above.

Finally, a few words about a video producer you would almost surely like to know: Grapik Arts

Here's the story: Bondage. Here are the details: Hot, young, smooth, built, beautiful, only sort of resisting, man-boy subjects are studied in detail by the Grapik Arts camera... and you are there.

Even if all comparisons are odious, as the old saying goes, sometimes there is no better way to get a message across. So, I compare. Grapik Arts videos are like Zeus Studios' *Tightropes* tapes in many ways. The body in bondage is the whole point of the video—no fuss, no muss, no story. The dungeon and bondage don't change a great deal from

One of Randy West's outstanding paintings of which five appear in Ben George's *The Quest*.

video to video, but then, who looking at the walls. And there is a sort of familial resemblance between the guys in the GA videos, just as there is in the *Tightropes* tapes. None of which is a problem at all if you're seeing what you want to look at and getting off.

Speaking of *getting off*, the younger slicker guys in the Grapik Arts shoots do the job for me

Another comparison: Grapik Arts tapes are unlike the many early Bob Jones videos that have mentioned in these pages before. Jones' work (his earlier work, at least) tended to have a homemade quality to it, while the GA vids are polished, professional work. Also, Jones tended to use rougher, more street-wise guys instead of the buffed boys you see in GA tapes.

After all that, here's the final read-out: Grapik Arts makes really hot bondage videos that are both like and not like *Tightropes* or the work of Bob Jones. These are male bondage videos which, in fact, create their own category as the come along. If buffed, bound bods released at times to serve their Masters turn you on, you'll love Grapik Arts tapes. (There's a G.A. video ad on page 64.)

Cumming Distractions: Lately there has been a lot of mail asking about specific videos, video companies, and types of books and videos. So, by bits, those letters will be answered here.

MAN AND STEEL

\$55.00

A technically excellent homemade video previously avail-
able only to BALL CLUB members, MAN AND STEEL
is too kinky not to share!

The MAN: A tall, hairy chested, hairy assed, 30-ish stud. He
has a large veined, cut cock that throbs on command and
loose, tough balls that are a productive sperm factory.

The STEEL: Rods, threaded bolts, screw eyes, safety pins,
spoon handles and other apparatus that our hero inserts in
his piss-hole and the heavy equipment that assists his
machinations on a construction site.

The VIDEO: 111 minutes of mostly solo J/O with some
screen filling closeups that'll make you salivate. Not for the
squeamish, there are scenes of blood oozing from his cock,
sometimes mixed with gooey globs of cum, balls punched,
slapped and pounded with a mallet, a PA being created and
a wonderful shot as the man settles his ass on the control
lever of a tractor. The soundtrack is minimal but real, just
the natural sound of friction on his cock, blows to the balls
and heavy breathing. VHS only.

The price includes shipping to any address in the United
States. Please add \$5.00 for shipment to Canada or \$10.00
elsewhere. No responsibility is assumed in the event of
customs seizure. Cash, check or money order in US funds.

WHERE LEATHERMEN MEET

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, *Drummer* is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be the leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us to alert *Drummer* readers and travelers to the right place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too.

ANOTHER HOT DRUMMER/ZEUS SM VIDEO

USSM/FOUR

Each September for the past three years on the occasion of the Mr. Drummer Finals, Drummer/Zeus Co-Productions has filmed a USSM video for leathermen who insist on their SM *real!* Well, Gentlemen, another year has gone by and USSM/FOUR is ready for you. Filmed in-dungeon and outdoors, USSM/FOUR stars the most famous SM couple in the US today. Whip Master Fred Katz and his lover Henry Romanowski. Heating up USSM/FOUR's chemistry is the newest internationally famous SM couple Mr. Drummer 90-91, Clive Platman, and Drummerboy of the Year, John Siracusa. And, if you can stand even more heat, USSM/FOUR also stars the 91 Los Angeles Drummerboy John Hare, who blew your fuses in *Tightropes XXI* and *Punishment II*. Plus, just to enrich the dungeon decor, we tied up Australia's Drummerboy 91 and his mate. The outdoor whipping scenes were filmed on a remote, wooded mountain top in No. California where Henry's succulent body-beautiful gets tied down to a St. Andrews cross by Hare and Siracusa for a whipping by Katz. Clive Platman can't resist the temptation (Who could?), and goes to work on Henry's muscular whip-scarred back. Mr. Katz shows up unexpectedly, and angrily whips Clive as Clive whips Henry. And, since everyone loves a happy ending everybody gets whipped in the end. Indoors Siracusa and Hare get strung up, and suffer heavy-duty C&B torture at the sadistically skilled hands of Tony (Fledermaus) DeBlase. And, if you're into vocals, you'll particularly enjoy the harmony of agony as the two John-boys scream out their appreciation. Then as punishment for whipping Henry without permission, Clive's broad take-it-again back becomes Mr. Katz's target for a stinging variety of whips and whip action as the gagged and bound Drummerboys watch and wish. Shot on location by Zeus Studios' Mika Bales, and produced by *Drummer* magazine's Tony DeBlase, USSM/FOUR is not only the latest, but the hottest of the series.
